SUMMARY

With hands-on experience as a Full Stack Developer Intern and Data Integration Engineer, I specialize in developing and managing end-to-end data workflows. I have also worked extensively with databases including MySQL, MongoDB I bring strong problem-solving skills, a collaborative mindset, and a drive to build impactful digital products.

WORK EXPERIENCE

Data Integration Engineer, MoonLight Fox Agency   **July 2025 - Present**

- Integrated third-party APIs to **fetch** and **post structured/unstructured** job and user **data**, implementing secure token-based authentication (API tokens and refresh tokens).
- Developed dynamic web modules such as job listings and application forms by transforming **raw API responses** into user-friendly components.

Full Stack Developer Intern, Arista Vault   **Aug 2024 - June 2025**

- Designed visually appealing and user-friendly **landing pages** which improved customer engagement and **increased conversion** rates **by** approximately **10%**.
- Liaised with a senior developer and gained hands-on experience with React and Redux for predictable global state.
- **Integrated a chatbot** into the website using the **Botpress API**, enabling automated customer interactions and **improving response time** for user queries by approximately **35%**.

PROJECTS

Personal Expense Tracker   *Nodejs, MySQL, HTML, CSS*

- Designed a full-stack expense tracking system using SQL and RESTful APIs to connect backend data with a dynamic dashboard UI.
- Utilized SQL views and reusable queries to display categorized spending, cash flow, and budget utilization efficiently.

RandoMovie - Random Movie Suggestions   *Python, API-Handling*

- Developed a dynamic web app that allows users to **explore movies by genre**, language, and date with a **randomized selection process** using the **TMDb API**.
- Architectured the application using React.js, leveraging useState and useEffect for state management and the Fetch API for asynchronous requests, while also implementing paginated API calls and randomized selection logic.

EDUCATION

Integrated MTech in Computer Science and Engineering   **May 2020 - Aug 2025**
Vellore Institute of Technology   **CGPA - 8.18**

Intermediate in MPC   **May 2018 - April 2020**
FIITJEE   **CGPA - 9.01**

SKILLS

Development: HTML, CSS, Js, ReactJs, Redux
Database: MySQL, MongoDB
Backend: NodeJs, Djano
Version Control: GitHub, Git
